

Regularly \$125.00 - now only \$85.00

Inspection of your sump pump and pit.

S&D Prime Maintenance will water test your pump, test the check valve, check the condition of the pit and clean it of debris.

Anything “extraordinary” will be noted and can be repaired during the initial service hour, or you can take care of it yourself. This will give you peace of mind to know you and your neighbors’ pumps are operational.

S&D also offers battery backup systems and other repairs. Estimates are always Free!

Call 1-800-660-6028 for scheduling now.
